Proposed Electrical Inspection Agency Criteria

January 17, 2012

The Board of County Commissioners of Cecil County are in the process of reviewing the regulations submitted by the Board of Electrical Examiners for the selection of electrical inspection agencies.

On February 7, 2012, these regulations will be introduced at their regular scheduled night meeting. The Board of County Commissioners will take public comment on the criteria document prior to approving. Anyone wishing to speak on this topic should attend the meeting, all speakers must sign in at the podium in the meeting room. Those who cannot attend should forward their comments to the Commissioners by email or other sources up to the time of the meeting.

For more information log on to the Cecil County Government website or call the Department of Permits and Inspections at 410-996-5235 to obtain a copy of the document.
