To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty; to leave the world a bit better whether by a healthy child, a garden patch or a redeemed social condition; to know that even one life has breathed easier because you have lived. This is to have succeeded.

Throughout your life, there is a voice only you can hear. A voice which mythologists label "the call." A call to the value of your life.

The choice of risk and individual bliss over the known and secure.

You may choose not to hear your spirit. You may prefer to build a life within the compound, to avoid risk. It is possible to find happiness within a familiar box, a life of comfort and control.

Or, you may choose to be open to new experiences, to leave the limits of your conditioning, to hear the call. Then you must act.

If you never hear it, perhaps nothing is lost. If you hear it and ignore it, your life is lost.

I am of the opinion that my life belongs to the community, and as long as I live, it is my privilege to do for it whatever I can. I want to be thoroughly used up when I die, for the harder I work, the more I live.

Life is no "brief candle" to me. It is a sort of splendid torch which I have got hold of for a moment, and I want to make it burn as brightly as possible before handing it on to the future generations.

Let ... individuals make the most of what God has given them, have their neighbors do the same, and then do all they can to serve each other. There is no use in one man, or one nation, to try to do or be everything. It is a good thing to be dependent on each other for something, it makes us civil and peaceable.

Christmas in April*Cecil County provides home repair, construction, and safety to clients who are income restricted, elderly, disabled, or injured.

We provide services through volunteers, licensed professionals, materials men and service providers.

Current Volunteer Needs: Volunteers help with construction on homes for clients who apply for services.

Volunteer Requirements: Christmas in April uses all volunteers who step up to the task. Skilled tradesmen and contractors are very valuable in the larger and complicated projects. Accomplished homeowners serve as leaders on smaller projects. We are all 100% volunteers. Other volunteers serve as board members on various committees in different capacities; such as raising money, screening applications, increasing awareness, developing sponsors, and planning functions. **Volunteers must be 14 years of age or older.**

Time Commitment:

Board Member: 24 days a year.

Team Captain: 4 days a year.

Volunteer: 2 days a year.

By the Way ... How Do You Compare?

According to IndependentSector.org "Give 5" campaign, which encourages people to volunteer 5 hours per week and donate 5% of their income to charitable causes:

Approximately 109 million American adults volunteer annually; that's 56% of all adults.

Adult volunteers contribute an average of 3.5 hours per week - totaling 19.9 billion hours with an estimated dollar value of \$225.9 billion.

59% of teenagers volunteer an average of 3.5 hours per week; that's 13.3 million volunteers totaling 2.4 billion hours at a total value of \$7.7 billion.

70% of American households make a contribution to one or more charitable organizations. The average gift of contributing households is 2.1% of income.

Take care of people – people before paper, people before profits, people before self and people before projects.

Matches are held at Terrapin Station Winery at the corner of Rt. 213 and Rickets Mill Road in Elkton, MD. GUIDING EYES FOR THE BLIND

Website: www.guidingeyes.org

Guiding Eyes for the Blind is an internationally accredited, nonprofit guide dog school with a 50-plus year legacy of providing the blind and visually impaired with superior Guiding Eyes dogs, training, and lifetime support services.

Current Volunteer Needs: Puppy Raiser - Raising a puppy for Guiding Eyes for the Blind is a real gift of love. A puppy is not born a guide dog, but created through the dedication and commitment of an entire team of individuals. The Puppy Raiser is the pivotal member of that team. Raisers provide hours of patient teaching and numerous socialization journeys over a 12-to-16 month period, before they return a well-socialized young adult dog to Guiding Eyes training staff.

Volunteer Requirements: Puppy Raisers are responsible for providing a safe, healthy and loving home for a pup, socializing the pup, teaching it good manners, and attending required meetings and evaluations. Raisers are also responsible for the cost of food and some basic supplies (approx. \$35 per month). Guiding Eyes covers all veterinary expenses and provides free classes for volunteers.

Our network of puppy raisers includes a broad spectrum of caring individuals from various walks of life. They include couples, families with children, young adults and senior citizens. Some already have pets of their own.

Raisers live in urban, suburban, and rural areas – and in apartments, town-homes, and single family homes.

The relationship and bond between the raiser and pup will become the foundation for all the life lessons a guide dog needs to master.

Time Commitment: Puppy Raiser – Volunteers should be prepared to devote adequate time to exercise, train, and attend regular weekend and evening classes with their puppy. Generally, Raisers will work with the pup for short 15-20 minutes socialization sessions throughout the day. Raising a puppy is a full-time commitment for approximately 12-to-16 months.

Age Requirements: There are no age minimums to participate in this program; however, youth raisers need the support of their family to provide transportation to meetings and provide socialization experiences on a regular basis. An adult should also attend the classes and training so the entire family is consistent and knowledgeable when interacting with the puppy.

When kids volunteer it tells others that they don't have to be perfect or famous or even grown up to make a difference.

The Historic Elk Landing Foundation is a historic organization responsible for the interpretation and maintenance of one of Maryland's and the Mid-Atlantic's most historic tracts of land: Elk Landing. Situated at the confluence of the Little Elk and Big Elk Creeks, this site is on the area's earliest transportation corridor and played a role in many significant historical events. At present our chief interpretive era is 1750 – 1850; but as we are an emerging living history museum, we could potentially interpret the site from 10,000 BC to the 1920s. Currently the organization's core focus is the maintenance of our two historic homes and hosting historic living history events.

Current Volunteer Needs: We are looking for volunteers to assist with special events, tours, and special programs for students and adults. We are also looking for researchers, historians, website developers and other positions. History buffs welcome! We are particularly in need of War of 1812 enthusiasts.

Volunteer Requirements: We are looking for enthusiastic, responsible and dependable people of all ages. Please contact the organization for more information.

Time Commitment: All volunteer needs have very flexible time commitments. Please contact the organization with your specific skill-set and we can happily provide you with more information.

The Make-A-Wish Foundation of the Mid-Atlantic grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy. The foundation serves children who reside in Delaware, the District of Columbia, Maryland and Northern Virginia.

A wish granted creates a memorable experience for a child fighting a life-threatening medical condition and gives him or her something positive to look forward to beyond their medical treatments and hospital visits. The power of a wish often affects the child's entire family and their local community.

Recent wishes include meeting the princesses at Walt Disney World Resort, becoming a super hero, receiving a home computer, having a bedroom redecorated, and meeting the Jonas Brothers.

The Make-A-Wish Foundation of the Mid-Atlantic is affiliated with the Make-A-Wish Foundation of America.

Current Volunteer Needs:

Wish-Granting Volunteers

Work in teams of two to meet with wish families, help the child discover his/her most heartfelt wish and help enhance the wish experience.

Bilingual Interpreters

(especially Spanish/English)

Help to facilitate wish experiences for non-English speaking families. Interpreters have the option of becoming fully trained Wish-granting Volunteers, or they can provide short-term support on an as-needed basis.

Fundraiser/Special Events Volunteers

Each year the Make-A-Wish Foundation of the Mid-Atlantic produces special events to raise funds and promote awareness in the community. These events include golf tournaments, triathlons and scavenger hunts. Assignment locations, days and times vary depending on the event, but are usually for several hours on one day.

Kids for Wish Kids Volunteers

Encourage kids to give back to their peers by participating in our Kids For Wish Kids program. This wonderful initiative encourages children to raise funds for wishes in creative ways.

Volunteer Requirements:

Wish-Granting Volunteers must be 21 years of age and are required to sign a Conflict of Interest/Ethics Agreement (annually); cleared background check and mandatory attendance at specialized training sessions. Contact office for more information.

High school senior Nick Hock started volunteering early in life. As a four-year-old, he accompanied his parents when they volunteered at the Bowley's Quarters Improvement Association in their Maryland hometown. So he was an eager participant when a middle school science teacher started a service-learning project, growing bay grass in the classroom for spring-time transplantation to the Chesapeake Bay. The grasses, which are often destroyed by boats entering shallow areas, are vital to the bay's ecosystem, filtering water and providing places for fish to hide from predators and to spawn. Although he grew up on the bay, Hock says he never knew how important the bay was until he took that science class. Since then, he's continued with numerous activities focused on the bay as part of Chesapeake Bay Memories, an organization that offers field trips to the bay for underprivileged children. But that's only part of Hock's activities. He also serves as a DJ at Eastern High School in Essex, Md., and has provided computer support to both teachers and fellow students there. Hock, who plans to be an electrician, was honored as one of the top four Craftsmen of the Year in Maryland and recently became an Eagle Scout. He plans to study business management in college in preparation for a career in construction. He also intends to continue volunteering, both on and off the Chesapeake Bay.

NAMI, a national grassroots organization dedicated to improving the lives of persons (and their families) living with mental illness, currently runs educational offerings in Cecil County as interest is shown. We hope to expand our offerings to the community.

Current Volunteer Needs: We need volunteers to help coordinate a walk team from Cecil County for the Maryland NAMI Walk, which takes place in May of each year. Volunteers will be working with people with mental health issues. We are also looking for a person with knowledge of website development who is willing to help develop a website for our affiliate.

Volunteer Requirements: A positive outlook on mental health issues and a willingness to work with people of all ages.

Time Commitment: We work with volunteers to schedule time that fits into their lives. Most work can be done directly from their homes.

I joined AmeriCorps after realizing that there was more to life than just being a student. During my college years, I took a step away from volunteering. After graduating and starting graduate school, I realized that it was a part of my life that I missed. I went to the career office and spoke with a counselor who told me about AmeriCorps*NCCC.

During training, we cleaned up an inner city neighborhood in Baltimore, Maryland. I grew up in upstate New York across the street from a cow farm. I had never really experienced the inner city before and I was a little nervous.

Many possible worst-case scenarios raced through my head as we arrived in the city. However, I remembered that I wanted to challenge myself and this was the perfect opportunity. About two hours into our work, a man came out of one of the houses and asked what we were doing. We explained and he asked if he could help. His offer changed the way I felt about what I was doing. I went about my work with a new sense of purpose. Not only was I cleaning the neighborhood, I was setting an example and introducing the possibility of a lasting impact by involving the community members.

I am very grateful for the opportunity to serve my country while staying in my country. I know I will never take a step back again from volunteering because there is always something to be done.

PAWS for People is a non-profit organization of volunteers who share their gentle affectionate pets (dogs, cats, or bunnies) with elders, children, and folks with disabilities. Our main focus is pet therapy – visiting the young, adults and the elderly in a variety of settings – hospitals, assisted-living facilities, physical therapy settings, Easter Seals, a cancer center, a drug & alcohol treatment center, and adult daycare services. A complete list is located on our website. We also offer a number of programs that involve children including our **PAWS for Reading** program where children get the chance to read to a dog in a library or public school. We now serve over 110 locations in Cecil County, Maryland; New Castle County, Delaware; Southern Chester County, Pennsylvania; and various locations in New Jersey.

Current Volunteer Needs:

The therapy team: The pet (dog, cat, or bunny) must be exceptionally gentle, people-focused and enjoy being petted. The pet and handler must pass an evaluation done by a PAWS representative. The handler must enjoy spending time visiting all kinds of people and want to share their pets with others.

Volunteer Requirements: Both owner and pet must attend an orientation session followed by a workshop providing information about the testing program, a team evaluation and testing, and a formal

training. An assisted first visit to the facility/program of their choice completes the training.

Age Requirements: 18 years of age and older. We are currently accepting students who are interested in volunteering or need volunteer credits for their school; however, a parent or adult 18+ years of age must accompany them through orientation, testing, training and visiting.

Time Commitment: We require each team to commit to visit at least twice a month on a schedule they choose. Please contact us for more information or visit our website for details.

I was taught that the world had a lot of problems; that I could struggle and change them; that intellectual and material gifts brought the privilege and responsibility of sharing with others less fortunate; and that service is the rent each of us pays for living, the very purpose of life and not something you do in your spare time or after you have reached your personal goals.

Snapshot of a Senior Volunteer

Henry G. likes to be called “Happy Henry” and with good reason. This decorated WWII veteran volunteers at the Elkton Senior Center every day. Henry takes great pride in leading the seniors in the Pledge of Allegiance, a patriotic song and a prayer of thanksgiving.

To everyone’s amazement, Henry can always recall the second verse of a song without missing a beat. Henry has a large repertoire of songs that he sings and his songs from days gone by bring fond memories to all the seniors.

Henry is known for his one-liners, each delivered right on cue and with perfect, comedic timing. At the Center, you can find him playing a lively game of dominoes. He jokingly challenges others to “bring your checkbook and prayer book” because you will need both to compete against him.

As of October 1, 2008, **Senior Services & Community Transit** became an **RSVP (Retired and Senior Volunteer Program)** station. RSVP, an initiative of the **Corporation for National and Community Service**, seeks to engage individuals ages 55 and older in meaningful volunteer opportunities within their communities.

The Corporation for National and Community Service states:

“Perhaps the first and biggest benefit people get from volunteering is the satisfaction of incorporating service into their lives and making a difference in their community and country. The intangible benefits alone – such as pride, satisfaction and accomplishment – are worthwhile reasons to serve. In addition, when we share our time and talents, we:

- Solve problems
- Strengthen communities
- Improve lives
- Connect to others
- Transform our own lives

Comparisons of the health benefits of volunteering for different age groups have also shown that older volunteers are the most likely to receive greater benefits from volunteering, whether because they are more likely to face higher incidence of illness or because volunteering provides them with physical and social activity and a sense of purpose at a time when their social roles are changing. Some of these findings also indicate that volunteers who devote a ‘considerable’ amount of time to volunteer activities (about 100 hours per year) are most likely to exhibit positive health outcomes.”

If you are 55 or older, please contact us for more information about becoming part of the RSVP program. Senior Services & Community Transit is dedicated to helping older adults maintain a good quality of life. We believe a healthy lifestyle includes remaining active in, and connected to, the community. Adults ages 55 and older can make a difference as volunteers! **Let us help you get connected. For more information please call 410-996-8416.**

The road to success is not crowded. Because while most are looking for ways to take, the truly successful people are finding ways to give. With a giving attitude, every situation is an opportunity for success.
