

Enjoy Fresh, Local Products This Holiday Season!

We all know that local products are fresher, tastier and more nutritious than store-bought items. So this year, why not support Cecil County's agriculture-related businesses, many of whom participated in the Governor's Buy Local Challenge picnic, Farm to School project, and/or the Cecil County Harvest Dinner. Buying directly from family farmers helps them stay in business and preserves our rural heritage. To find everything you need and more, go to www.cecilbusiness.org – click on **Agriculture** on left menu. **Check out the local Christmas Tree growers, too!**

Check the individual websites for coupon offers and gift certificate ideas...
and Dove Valley and Terrapin Station award-winning **local** wines go well with dinner!
