

Asbuilt Final Lot Grading Plan Certifications

Asbuilt Plan Certification

I (*name*) certify that I am qualified to prepare and submit asbuilt stormwater management and grading plans. The site as graded, does not involve the redirection of stormwater runoff off of the site or concentrate the release of stormwater runoff in an off-site area that previously received non-concentrated flow.

An asbuilt field survey of the site was performed on (*date*), and onsite contours deviate +/- (*maximum deviation*) from the approved plan. The grading and stormwater management strategies constructed at the site are consistent with the grading and stormwater management strategies proposed on the approved final lot grading plan.

Professional Certification

I hereby certify that these documents were prepared or approved by me, and that I am a duly licensed professional engineer under the laws of the State of Maryland, License No. (*No.*), Expiration Date: (*date*).

Owner/Developer Certification

I hereby certify that I am aware that the grading, stormwater management strategies and best management practices (bmps) constructed on this site were required to satisfy the Cecil County Stormwater Management Ordinance. I understand that I am and any future owners of the property are responsible for providing for the maintenance of the stormwater management bmps installed to ensure that they are, and will remain in proper working condition in accordance with the approved design standards, rules, regulations and applicable laws.
