

Prevent West Nile Virus

Eliminate common backyard mosquito breeding sources.

Clean & filter swimming pool

Cover or drain open boat

Clear clogged rain gutter

Fix broken screens

Stock with mosquito larvae eating fish

Tip anything that can hold water for more than a few days
Recycle used tires

Fix leaky watering equipment

Flush and refill birdbath (once a week)

Protect Yourself from Mosquito Bites

- Wear long, loose and light-colored clothing.
- Use insect repellent with no more than 35 percent DEET for adults and less than 10 percent for children.
