3 Easy Ways To Reduce Waste Around Your Home:

1. Instead of using plastic wraps use resealable containers. Plastic bags and wrap are typically used once & then tossed. Reduce your use of plastic with resealable containers. This cuts on costs and waste by a lot.

2. Use dish towels instead of paper towels, which cannot be reused. Dish towels can be used over and over until dirty and then washed as part of your regular laundry. You’ll be reducing waste AND saving trees!

3. Instead of using paper cups or bottled water, use coffee mugs or a personal water bottle -- both are portable and can be reused many times over, there by reducing the amount of plastic waste.

We’re GOING GREEN for April! Every day during the month of April there will be a new post featuring different ways Go Green in 2019!

Week #1: REDUCE
Week #2: REUSE
Week #3: RECYCLE
Week #4: GREEN INFRASTRUCTURE

Stay tuned and Go Green in 2019!
