Plastic Soda Bottle Becomes A Planter

Make a DIY Plastic Bottle Planter
Spark your DIY spirit with a simple project that turns 2-liters into a useful and appealing indoor planter. Here are some simple step-by-step instructions for how to make a DIY plastic bottle planter:

Cut the bottom third of a 2-liter bottle.
Paint the bottle white or the color of your choice.
Use parts of the rest of the bottle to cut out ears.
Draw a face and other features on the bottle.
Fill the bottle with seeds and soil.
